
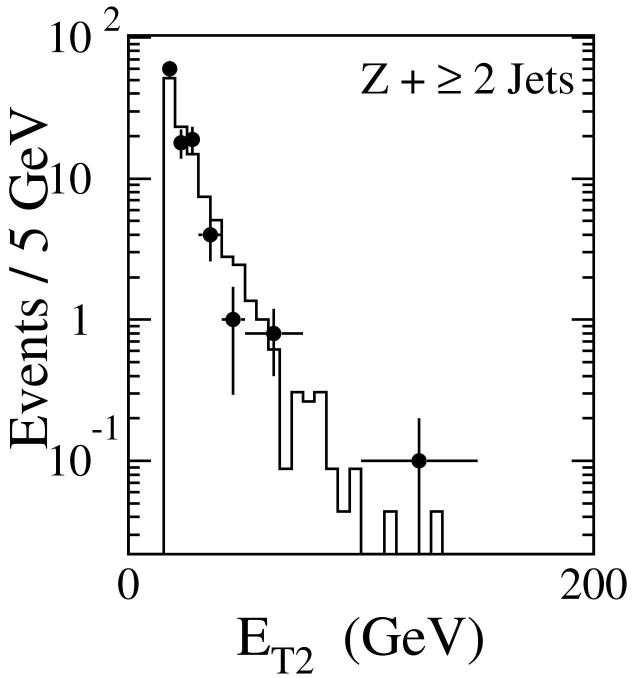

Figure 50: E_{T2} for Z events having ≥ 2 jets with corrected $E_T > 15$ GeV (points) compared with the VECBOS prediction (histogram) normalized to the data.

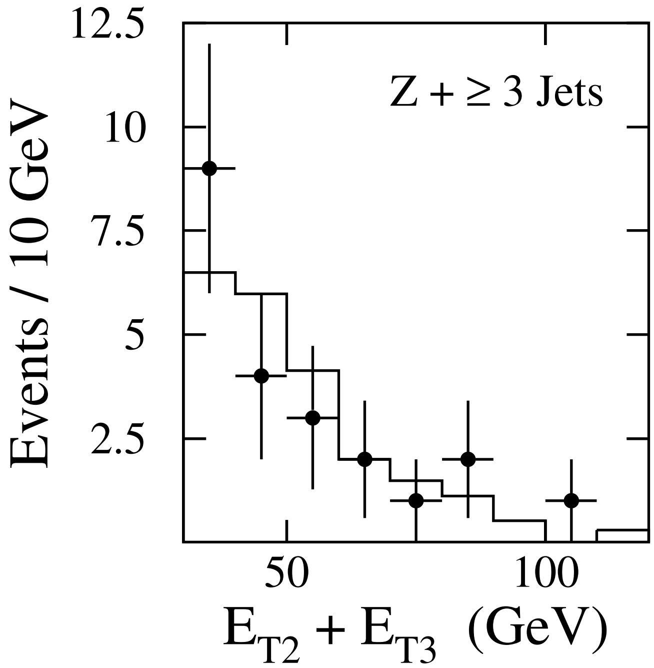

Figure 51: $E_{T2} + E_{T3}$ for Z events having ≥ 3 jets with corrected $E_T > 15$ GeV (points) compared with the VECBOS prediction (histogram) normalized to the data.
